Active Connections

The Rail Corridor is an inclusive community space that connects various neighbourhoods n Queenstown and residents can look forward to improved access and facilities, with the Buona Vista Node to be completed at the end of this year

New multi-functional and inclusive community space along the Rail Corridor under the Queensway viaduct. Artist's impression of an event day.

Improvements to Commuter Infrastructure

The commuter infrastructure near Buona Virta MPT will be enhanced with new covered linkways. lifts at pedestrian overhead bridges, cycling paths and ramps. Commuters and motorists can look forward to better connectivity and safer barrier-free pedestrian crossings.

three different types of social nodes will be introduced progressively from 2026.

COMMUNITY NODE

Community nodes will allow residents to meet and get together within the neighbourhood. These nodes will feature oved seating options, landscaping and wayfinding signages to liven up the neighbourhood.

WELLNESS LANDSCAPES

Wellness Landscapes are outdoor gardens for healing, with therapeutic features and contemplative activities for residents to seek relief from urban stressors and connect with nature

通过增设数的自行车接开加强摄影基础 设施, 女皇祖居民将享有更方便的区内 立调细体。 学学院所真爱的特殊主意的语法并称。 用将会得到改善, 让居民能更加享受这 个社区空间。

女皇祖居民日常通勤路线沿线将引入三 种栏交节点,增设各种设施。以方便居 民之间见露开建立联系。
