

SkyVille @ Dawson

A living experience where nature is imbedded in everyday living.

The concept of Sky Villages, a cluster of 80 homes each, encourages community bonding among the residents.

Rooftop garden serves as communal space for residents to mingle and interact while enjoying breathtaking views of the surround.

SkyVille @ Dawson boasts many eco-friendly features such as bioswales to enhance the overall living experience of the residents.

The layout of the unit can be tailored with ease according to resident's changing lifestyle.

Newlyweds

Choose the flat layout with a single master suite and a larger living room.

The First Child

Segment the master suite to form a nursery, playpen or bedroom for the first child.

Three-generation Family

As the children get married and have children, they can live there while their own flat is built.
