Heritage Corner

The Heritage Corner captures the long and rich history of the Bedok and East Coast area, from the earliest recorded settlers to the modern town we see today.

Residents can learn about the distinctive identities of the various communities in Bedok and East Coast and how their everyday lives would have been in the past.

Located in the heart of Bedok Town Centre, the Heritage Corner is a space for families and residents to explore and find out more about the heritage of the area.

Heritage Trail

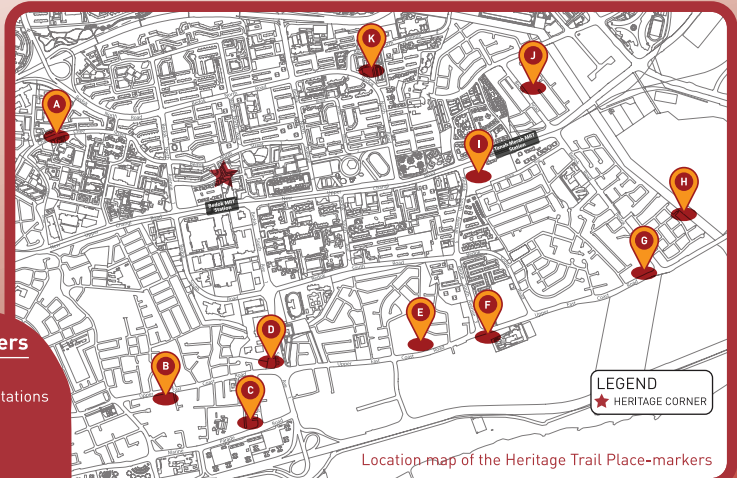

The Heritage Trail documents and highlights the heritage sites and interesting architectural styles found here.

Through the memories of former and present residents, we can get a deeper understanding of the social history and diverse cultures of the Bedok and East Coast area.

The history of Bedok and East Coast reflects a meeting of many cultures brought into the area by the early settlers – a legacy that can still be found in the street names and architecture here today. Its location by the sea attracted many immigrants who lived off the fishing trade, and for others, it was a relaxing place for a beachside holiday.
