  - Launched in Nov 2010

# Upgrading Programmes

## Lift Upgrading Programme (LUP)

Introduced in 2001 to provide direct lift access.

All eligible HDB blocks to be upgraded by 2014. LUP is to improve access and to make it easier for elderly, families with very young children and the disabled to reach their homes. Under this programme, lifts are upgraded to provide direct lift access on every floor wherever feasible.

## Neighbourhood Renewal Programme (NRP)

Encourage greater residents' participation through public consultation. Residents will decide collectively on the facilities and improvements to enhance their neighbourhood.

▲ Community Garden

▶ Fitness Corner

▼ Covered Linkway

## Home Improvement Programme (HIP)

Offer opportunities to upgrade / renew items within your flats. HIP is highly subsidised by the Government and provides wider choice and greater flexibility.

◀ Toilet / Bathroom

▶ Refuse Chute Hopper

◀ Waste Discharge Stack

◀ Decorative Door / Metal Grille Gate
