

## Remaking Our Heartland

Realise • Rejuvenate • Regenerate

# 2007

Launched in 2007, the Remaking Our Heartland initiative aims to rejuvenate public housing estates to bring about a holistic transformation. Punggol, Yishun and Dawson were the first three towns / estates to be upgraded under this initiative.

In 2011, three more areas will be included under the Remaking Our Heartland programme.

# Jurong Lake is one of them!
