

# Care for Our Homes

## Roles and Responsibilities

Town Councils manage, maintain and improve the common property of the HDB's residential flats and commercial property within the town.

The work areas include:

- Conservancy and cleaning
- Maintaining and keeping the estates in good repair
- Repairs and replacement of fixtures and fittings
- Provision of essential maintenance and lift rescue services

Town Councils were set up to allow residents to have a greater say and involvement in the kind of environment that they wish to live in.
