## PETIR PARK EDGE

Petir Park Edge is located at Petir Road and beside Petir Park. Its name references its location by the park and the tranquil surroundings. Residents can choose from 334 units of 2-room Flexi and 4-room flats within the residential block of staggered heights between 18 and 24 storeys.

Residents young and old can use the facilities provided in this project, such as children's playgrounds and fitness stations for adults and the elderly, while the roof garden above the Multi-Storey Car Park (MSCP) and the active courtyard in the project are ideal spots for neighbourly interactions.

Other facilities provided within the project include a residents' network centre, a preschool, an Active Ageing Centre (Care), an eating house, a supermarket, and shops. Please refer to the site plan for the facilities provided in the project. Facilities in this project will be accessible by the public.

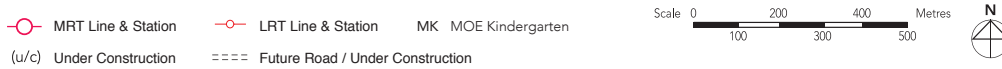

## IMPORTANT NOTES

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/ facilities (such as preschools, eldercare facilities, education centres, residents' network centres, day activity centres, etc), commercial facilities (such as shops and eating houses), mechanical and electrical rooms, and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks, or stand-alone community buildings.

In addition, housing projects may be located near roads, railways, airbases, construction sites, and land used for non-residential purposes. Hence, residents may experience higher noise levels. We have provided information on the surrounding land use, proposed facilities, and their locations in the maps and plans of individual projects, where feasible. All developments and facilities shown (including but not limited to their locations, form, massing and/or building heights) are subject to change and planning approval. The information provided is based on the current planning intent of the relevant authorities and is subject to change from time to time.
