

TANJONG TREE
Residences @ Hougang

**HDB'S SALES LAUNCH
FEBRUARY 2024**

BTOgether

TANJONG TREE RESIDENCES @ HOUGANG

Located along Hougang Street 13, Tanjong Tree Residences @ Hougang comprises 4 residential blocks ranging from 9 to 12 storeys in height. The project offers 360 units of 2-room Flexi, 3- and 4-room flats to choose from.

The project's name is a nod to the Tanjong Tree, a heritage tree located in the vicinity. The central courtyard offers green spaces for a leisurely walk. Residents can also enjoy facilities such as children's playgrounds and fitness stations for adults and the elderly.

Daily conveniences such as a preschool, eating house, supermarket, and shops can be found at the neighbouring precinct. Residents at Tanjong Tree Residences @ Hougang will also be served by the Multi-Storey Car Park (MSCP) at Block 182 of the neighbouring precinct, which comes with a roof garden atop. Please refer to the site plan for the facilities provided in Tanjong Tree Residences @ Hougang. Facilities in this project will be accessible by the public.

IMPORTANT NOTES

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/ facilities (such as preschools, eldercare facilities, education centres, residents' network centres, day activity centres, etc), commercial facilities (such as shops and eating houses), mechanical and electrical rooms, and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks, or stand-alone community buildings.

In addition, housing projects may be located near roads, railways, airbases, construction sites, and land used for non-residential purposes. Hence, residents may experience higher noise levels. We have provided information on the surrounding land use, proposed facilities, and their locations in the maps and plans of individual projects, where feasible. All developments and facilities shown (including but not limited to their locations, form, massing and/or building heights) are subject to change and planning approval. The information provided is based on the current planning intent of the relevant authorities and is subject to change from time to time.
