PLEASANT  
CREST

**HDB'S SALES LAUNCH  
OCTOBER 2025**

---

**BTOgether**

## IMPORTANT NOTES

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/ facilities (such as preschools, eldercare facilities, education centres, residents' network centres, day activity centres, etc), commercial facilities (such as shops and eating houses), mechanical and electrical rooms, and such other facilities depending on the prevailing needs, even after residents have moved into the precincts. These spaces could be in the void decks, common property, car parks, or stand-alone community buildings.

In addition, housing projects may be located near roads, railways, airbases, construction sites, and land used for non-residential purposes including but not limited to industrial, commercial or utility uses. Hence, residents may experience related disamenities including but not limited to higher noise levels and smell nuisance. We have provided information on the surrounding land use, proposed facilities and their locations in the maps and plans of individual projects, where feasible. All developments and facilities shown (including but not limited to their locations, form, massing and/or building heights) are subject to change and planning approval. The information provided is based on the current planning intent of the relevant authorities and is subject to change from time to time.

## MOUNT PLEASANT CREST

Mount Pleasant Crest rises gracefully along Mount Pleasant Avenue, bounded by Old Police Academy Road and Wong Chin Yoke Road. The word "Crest" in the project name reflects both the historic Old Police Academy grounds and the distinguished legacy of the Singapore Police Force that once trained here.

The project comprises 4 residential blocks, including 1 block dedicated to rental flats. The remaining 3 blocks, each standing at 40, 45, and 46 storeys, will offer 1,348 units of 2-room Flexi, 3-room, and 4-room flats as Prime flats under the new flat classification framework (<https://www.hdb.gov.sg/buying-a-flat/bto-sbf-and-open-booking-of-flats/finding-a-new-flat/standard-plus-and-prime-housing-framework>). The project will also offer a new White flats layout, providing flat buyers with greater flexibility to configure their living spaces within the flat. 2 of these blocks will include 26 rental flats each.

Mount Pleasant Crest will feature the retained Old Drill Shed from the Old Police Academy, which will be repurposed as a precinct pavilion. Residents can also find out more about the site's history as a police training ground, retold through heritage storyboards. 2 5-storey Multi-Storey Car Parks (MSCP) anchor each end of the project, and are crowned with roof gardens that offer fitness facilities, community gardens, and sheltered seating. 1 MSCP will house commercial amenities including a supermarket, shops, and an eating house, while the other accommodates a preschool. Another preschool with its own roof garden will also be located within the project.

Residents can enjoy a variety of recreational facilities such as playgrounds, fitness stations, and a hard court. Sky terraces on the residential blocks (37th storey at Blk 100A and 34th storey at Blk 104A) provide scenic views of the surroundings. A residents' network centre will provide space for community activities, fostering connections among neighbours.

For a detailed layout of the facilities provided at Mount Pleasant Crest, refer to the site plan. Facilities in this project will be accessible to the public.

## ABOUT MOUNT PLEASANT ESTATE IN TOA PAYOH TOWN

Mount Pleasant Crest marks the first housing project in the new Mount Pleasant estate, an extension of Toa Payoh town. Located on the historic grounds of the former Police Academy, the estate is thoughtfully planned to preserve its rich heritage while creating new homes for future residents. 4 heritage buildings from the Old Police Academy will be conserved and adapted for new uses, while part of the former parade square will be retained as public space, honouring the site's 8 decades of police training. The retention of key hillocks within the estate maintains the natural setting of the historic area and the conserved heritage buildings.

Beyond the immediate estate, residents will also have easy access to established amenities in Toa Payoh town. These include local delights and fresh produce at Toa Payoh West Market and Food Centre, as well as extensive retail and dining options at the vibrant Toa Payoh Town Centre. Visit Where2Shop@HDB (<https://www.hdb.gov.sg/managing-my-home/living-in-my-community/exploring-my-neighbourhood/explore-my-town/toa-payoh>) to discover more heartland shops in the area. For recreational activities, residents can head to the nearby ActiveSG Gym @ Toa Payoh and Toa Payoh West Community Club. The upcoming Toa Payoh Integrated Development at Lorong 6 will further enhance the town's amenities with new sports facilities, a public library, polyclinic, and a revamped town park.

Families with school-going children may consider nearby schools including Kheng Cheng School, Marymount Convent School, CHIJ Primary School (Toa Payoh), CHIJ Secondary School (Toa Payoh), and Raffles Girls' Secondary School.

## CAR-LITE PRECINCT

As announced by LTA and HDB on 5 October 2022, there will be designated car-lite HDB precincts within gazetted car-lite areas. These precincts are planned with good public transport, walking, and cycling connections.

Mount Pleasant Crest will be one such car-lite precinct. It is located near the upcoming Mount Pleasant MRT station within the gazetted car-lite area. Designed for residents to adopt green modes of commuting, the parking provision will be reduced to free up space for public facilities and greenery. With more limited parking provision, available lots will be prioritised for residents in these precincts through additional parking demand management measures:

- **Season parking will be reduced and restricted to residents only.** Similar to all other HDB residential carparks, season parking sales will be on a first-come-first-served basis and subject to availability. Residents' 1st car will be accorded higher priority than residents' 2nd and subsequent car(s). As non-residents will not be able to buy season parking within car-lite precincts, they may do so at alternative nearby car parks.
- **Residents who buy season parking for their 2nd and subsequent vehicles will be charged a higher season parking rate** pegged to Tier 2 Restricted Zone rate, subject to availability. Learn more about the tiers for monthly season parking charges (<https://www.hdb.gov.sg/parking/applying-for-season-parking/apply-for-season-parking>) and the current rates.
- **Short-term parking for visitors will remain available, albeit with limited lots.** Parking charges may be adjusted based on demand.

# WHITE FLAT OPTION AND OPTIONAL COMPONENT SCHEME (OCS)

Flat buyers will hence have an open canvas to easily design and adapt the spaces within their flat according to their needs. Since there are no partition walls, fewer power points are provided. Buyers who opt for a White flat will enjoy a **price reduction of \$6,000 and \$8,600** for a 3-room and 4-room flat respectively.

Buyers who do not opt for a White flat will be provided with a default flat layout with bedroom walls.
